PERSONAL PROFILE

Lance Cpl. Marshall joined the Marine Corps in September 2007 as a 1345 heavy equipment operator. He served with Marine Wing Support Squadron 371, based out of Arizona. He was injured as a passenger in a single vehicle accident.

He currently resides in Yuma, Ariz., and is attending classes at Arizona Western College in pursuit of his AAS in industrial technology. The hardest part of his recovery has been learning how to do the everyday activities and essentials with his non-dominate arm/hand. The greatest impact on his recovery has been the support from his wife and family. What he enjoys about the Warrior Games is the opportunity to meet other veterans and active duty Marines who are in similar stages of their lives or are just getting their journey started.
